Importance: High

Hi all –

I am following up on the oil and natural gas roundtable next steps.

Attached please find the draft document titled: *Oil and Natural Gas Roundtable Highlights*. The draft document has been reviewed by OCIR, OGC, OPA, participating program and regional staff, the facilitator, and it was shared with our cosponsors for their input. We are ready to share this document externally unless you identify a show-stopper.

We committed to share such a document with ECOS prior to their Spring Meeting starting which starts on Tuesday of next week. Unless I hear otherwise, the draft document will be shared with ECOS at 4 pm tomorrow. Note: The document will also be shared with IOGCC at the same time. We will then share the draft document with roundtable participants via email and place it on our website (www.epa.gov/uog) where the other roundtable materials are housed.

Apologizes for the short turnaround as I know you are all busy. Let me know if you have questions.

Thanks,

Jim
